

Neighbors Building Brightmoor Community Greenhouse

What is it?

The Brightmoor Community Greenhouse provides an early season plant-propagation space for family, market, and community gardens of all sizes.

How does it work?

1. Fill out a [Greenhouse Invoice Form](#) or [Greenhouse Membership Form](#). Each time you drop off trays or purchase supplies, you will add it to your form.
2. Fill out a row for any trays or soil purchased and place in the folder.
3. Pay your rental/supply fees. *This can be paid online at neighborsbuildingbrightmoor.com by clicking the “donate” button. Include “Greenhouse Rental” in the special instructions.*
4. Refer to the **Greenhouse Guide** then seed and drop-off your trays.
5. Use the sign-in sheet to show that you have added new trays.
6. The greenhouse will water, heat, and care for your seedlings.
7. Pick up trays when ready (usually 4 weeks).
8. **We can also do custom-grown orders. Contact the greenhouse manager for order form or quotes.**

Price Schedule (January - May /// June 1st - “Space Rental” is 50% off)

Space Rental		Price
NBB Member: First 3 trays are FREE!		
Gardens/Individual	Cost per tray	\$7.00
Farm (20-40 trays)	Monthly Membership	\$180
Supplies		Price
Propagation Trays	72-cell tray or open flat tray	\$2.00
Potting Soil	Soil to fill one standard tray	\$1.00

Some additional free space (~60 trays) reserved for work-trade by farm members. After 40 trays we require farms to purchase an additional membership.
